A

Acromiothoracic axis, absence due to Takayasu's disease (letter to editor), 136
Adenocarcinoma, metastatic colonic, in pedicled omental flap used in sternal reconstruction, 67
Adipofascial flaps
  lateral calcaneal artery, 52
  lower leg flap based on saphenous artery, 390
Alginate dressings, comparison of four dressings in treatment of partial thickness wounds, 129
Anophthalmos, congenital, management by intraorbital tissue expansion, 529
Areola
  nerve supply: anatomical study, 156
  see also Nipple-areola
Arm, quadrifoliate flap: combination of scapular, parascapular, latissimus dorsi and scapula bone flaps, 477
Arteries, stretched: morphological study of long-term repair process in stretched but unruptured arteries, 34
Audit
  paediatric plastic surgery in University Teaching Hospital, Lusaka (1981–1993), 290
  surgical care of cleft lip and palate, England and Wales, 150
  velopharyngeal incompetence treated by Orticochea pharyngoplasty, 197
Auricle, reconstruction, postauricular chondrocutaneous flap (letter to editor), 71
Axilla, access using Chinese fingertraps (letter to editor), 257

B

Blood flow, experimental flow-through venous flaps, 41
Blood supply
  galeo-pericranial flaps in forehead, 519
  palmar subcutaneous tissue of fingers, 315
Breast
  augmentation mammaplasty, endoscopic-assisted (letter to editor), 575
  carcinoma, breast reduction and (letter to editor), 499
  developmental abnormalities, correction with permanent expander/implant, 302
  implants
    patient satisfaction with silicone implants, 515
    reconstruction with anatomical expanders and implants, 352
    rupture, seat belts and (letter to editor), 501
    rupture, ultrasound detection, 299
  nerve supply: anatomical study, 156
  oversized, psychological and physical effects, 439
  reconstruction
    anatomical expanders and implants, 352
    free TRAM flap, sensory recovery, 210
    Poland's syndrome, 482
    review of 120 Becker permanent tissue expanders, 346
  reduction mammaplasty
    and carcinoma-in-situ (letter to editor), 499
    combined with pectoralis major muscle flaps for median sternotomy wound closure 220, 574 (letter to editor), 576 (letter to editor)
    inferior pedicle technique: early and late complications in 371 patients, 442
    pathological findings, 447
    patient's reasons for requesting, 439
    vertical scar, with medial flap or glandular transposition of nipple-areola, 507
  tuberous deformity: classification and treatment, 339
  see also Nipple
Burns, feet, bilateral reconstruction following, 233

C

Calcaneal artery, lateral, adipofascial flap, 52
Capsaicin, topical, effect on flap survival, 319
Carpal tunnel, endoscopic release using single-portal system, 1
Cheek, squamous cell carcinoma in forehead flap used for intraoral reconstruction (letter to editor), 332
Chest wall reconstruction
  metastatic colonic adenocarcinoma in pedicled omental flap used for sternal reconstruction, 67
  pectoralis major muscle flaps combined with reduction mammaplasty, 220
  reduction mammaplasty with pectoralis major muscle flaps for median sternotomy wound closure 220, 574 (letter to editor), 576 (letter to editor)
  secondary repair following median sternotomy using interosseous absorbable sutures and pectoralis major myocutaneous advancement flaps, 214
Chondrocutaneous flaps, postauricular, in auricular reconstruction (letter to editor), 71
Chondrodermatitis nodularis chronica helicis and antihelicis, 473
Circumcision, keloid of penis following (letter to editor), 425
Cleft lip
  amniotic bands and (letter to editor), 74
  breast feeding compared with spoon feeding following repair, 24
  repair, England and Wales: survey, 150
  Tessier 30 median mandibular cleft, 536
  see also Nose, cleft lip
Cleft lip and palate, associated supernumerary nostrils (letter to editor), 499
Cleft palate
  asymmetrical, 20
  repair, England and Wales: survey, 150
  speech, review of current knowledge and analysis, 143
Cleft surgery, England and Wales, 150
Cobalt chloride, effect on skin flap survival, 321
Computer-generated slides, 568
Condylar fractures, mandible, open reduction and internal fixation using extended bicronal approach with masseteric myotomy, 79
Costal cartilage, combined costal cartilage and rectus abdominus myocutaneous free flap (letter to editor), 423
Cross-leg flaps, distally based posterior tibial, cutaneous coverage of injured foot, 115

D

Deltoid muscle flap: anatomical studies and case reports, 310
Dentures, maxillary, influence on mid-facial fracture patterns, 379
Digits, amputated, temporary ectopic implantation, 174
Disfigurement, facial, impact of social interaction skills training, 281
Dorsalis pedis flap, nose tip reconstruction, 325

E

Ear
  cartilage graft for elongating levator palpebrae muscle, 452
  chondrodermatitis nodularis chronica helicis and antihelicis, 473
  petrosectomies for invasive tumours: surgery and reconstruction, 370
  Stahl's ear operation, 564
Earlobe, one-stage reconstruction, combined flap technique, 242
Emerson, David James Macglashan, obituary, 190
Epithelium, cultured autologous, recent clinical experience (letter to editor), 72
Eyelids
  lower, one-stage reconstruction of full-thickness defects using subcutaneous pedicle flap lined by palatal mucosal graft, 183
  upper, retraction, levator lengthening (letters to editor), 136

F

Face
- disfigurement, impact of social interaction skills training, 281
- mid-facial fracture patterns, influence of maxillary dentures, 379
- patterns of coordinated lower facial muscle function and their importance in reanimation, 274
- reconstruction, submental island flap, 85

Facelifting, initial eight year experience (letters to editor), 75
Facial palsy
- logophthalmos, treatment by ear cartilage graft for elongating lavator palpebrae muscle, 452
- temporalis muscle transfer: modified surgical technique, 46

Fascial release as adjunct to wound closure, 64
Fasciocutaneous flaps, hypothenar eminence, anatomical basis, 165
Ferguson-Smith syndrome: importance of long term follow-up, 497
Fibula, free transfer, combined radius and ulna reconstruction, 178
Fingers
- replantation
  - 12-month-old child: long-term follow-up, 555
  - temporary ectopic implantation of amputated digits, 174
- vascular supply of palmar subcutaneous tissue, 315

Flexor carpi radialis opponensplasty, 401
Foot
- bilateral defects, reconstruction after severe burns, 233
- dorsal reconstruction, dorsal metatarsal V-Y advancement flap 170, 500 (letter to editor)
- injured, cutaneous coverage with distally based posterior tibial cross leg flap, 115
- reconstruction
  - distally based posterior tibial myofasciocutaneous island flap, 111
  - distally based superficial sural flap, 383

Forearm flaps, arterialised venous, limb reconstruction, 396
Forehead, galeo-pericranial flaps: study of blood supply and volumes, 519
Forehead flap, intraoral cheek reconstruction, squamous cell carcinoma in (letter to editor), 332
Fractures, midfacial, influence of maxillary dentures on fracture patterns, 379
Free flaps
- combined costal cartilage and rectus abdominus myocutaneous free flap (letter to editor), 423
- expanded free scalp flap, 468
- gustatory sweating in, 471
- head and neck, prediction of outcomes in 150 patients, 267
- iloprost salvage, 245
- lymphatic drainage, evaluation by lymphoscintigraphy, 123
- oral cavity reconstruction, assessment of speech and swallowing, 363

Frey's syndrome, free flap, 471
Fungal infections, fatal Rhizopus infection of hand (letter to editor), 572

G

Galeal flaps, intraoral reconstruction, restricted mandibular opening following, 187
Galeo-pericranial flaps in forehead, study of blood supply and volumes, 519
Graftac-X, 485
Groin flaps, arterialised venous, 90

H

Hand
- fatal Rhizopus infection (letter to editor), 572
- hypothenar eminence, anatomical basis for fasciocutaneous flap from, 559
- reconstruction, transversely designed dorsal metacarpal V-Y advancement flaps, 165

Head and neck, microvascular free tissue transfer, prediction of outcomes in 150 patients, 267
History, Plastic Surgery Unit in Liverpool, 1942–1994, 328
Hughes, Norman Campbell, obituary, 70
Hyaluronic acid, acceleration of granulation tissue ingrowth in artificial skin, 58
Hypospadias
- modified Bretteville technique, 223
- and urethral fistula, 488

Hypothenar eminence, anatomical basis for fasciocutaneous flap from, 165

I

Iloprost, thrombosis management in free flap, 245
Ischaemia-reperfusion injury, effect of cobalt chloride, 321
Island flaps
- distally based posterior tibial myofasciocutaneous, foot reconstruction, 111
- second web bilobed, thumb reconstruction, 103
- submental, 85

K

Keloids, penis, following circumcision (letter to editor), 425
Knee, reconstruction of soft tissue defects, adipofascial flap of lower leg based on saphenous artery, 390

L

Laser treatment of reactive vascular proliferation, 420
Latissiumus dorsi muscle: combination of scapular, parascapular and latissimus dorsi and scapula bone flaps, 477
Legs
- cross-leg flaps, distally based posterior tibial, cutaneous coverage of injured foot, 115
- lower
  - adipofascial flap based on saphenous artery, 390
  - reconstruction using distally based superficial sural flap, 383

Levator palpebrae muscle, elongation by ear cartilage graft in treament of logophthalmos in facial palsy, 46
Lignocaine, pH adjusted, control of operative pain in day surgery unit, 404
Limbs, reconstruction, free arterialised venous forearm flaps, 396
Lipomas, large capsulated, endoscopic excision, 228
Lips
- cleft *see* Cleft lip
- lower, refinement of Fries and Webster modifications of Bernard repair, 462
- upper, reconstruction of cupid's bow with bilateral vermilion flaps, 466

Liverpool, Plastic Surgery Unit, 1942–1994, 328
Logophthalmos in facial palsy, treatment by ear cartilage graft for elongating levator palpebrae muscle, 452
Lotus petal flaps in vulvo-vaginal reconstruction, 547
Lusaka, paediatric plastic surgery in University Teaching Hospital: 13-year audit, 290
Lymphoscintigraphy, evaluation of lymphatic drainage in free flaps, 123

M

Mammaplasty
- augmentation, endoscopic-assisted (letter to editor), 575
- reduction
  - and carcinoma-in-situ (letter to editor), 499
  - combined with pectoralis major muscle flaps for median sternotomy wound closure 220, 574 (letter to editor), 576 (letter to editor)
  - inferior pedicle technique: early and late complications in 371 patients, 442
  - pathological findings, 447
  - patient's reasons for requesting, 439
  - vertical scar, with medial flap or glandular transposition of nipple-areola, 507

Mandible
- condylar fractures, open reduction and internal fixation using extended bicronal approach with masseteric myotomy, 79
- congenital bilateral zygomatico-mandibular fusion with mandibular hypoplasia, 251

reconstruction, pectoralis major osteomyocutaneous flap (letter to editor), 191
